

Everyone can achieve the extraordinary.

## History

We will be looking at the history of MI5 and it's links to parliament and the government.

## MFL

In this half term, we will be using our knowledge of numbers up to ten to say how old we are, learn to say where we live and learn the colours.

## Writing

In Writing, we will be writing a diary entry, a comparison text and an alternative ending.

# Year 5

# Secret Agent

## Science

In Science, we will be completing our unit about the planets and the phases of the moon. We will also carry out practical Science investigations.

## Maths

In Maths we will be learning about perimeter and drawing and interpreting line graphs. We will also distinguish between regular and irregular shapes, and deduce the missing lengths of rectangles.

## PSHE

We will be learning how to set personal goals and how to set further goals. We will also learn how to fulfil our responsibilities in school in different contexts.

## Computing

In computing we will be completing our spreadsheets unit and starting the data-bases unit.

## South African Link

We will compare the similarities and differences between the British and South African police force. We will also learn about any famous South African spies,

## Art and Design

We will be looking at the work of artists who created the famous James Bond title scenes and using this as inspiration for our own art. As well as this, we will be creating a collage of a famous person from Hull.
