

# How to revise:

## WHAT?

Decide which **subject** you want to revise. Most people revise subjects they like and are good at first, is this the best option?

## WHERE?

Pick a **place** where you won't be disturbed and are not too comfortable. Turn off the TV and your computer and put your phone on silent.

## WHEN?

Decide before you start how long you will revise for. Set a timer / alarm and stick to it. Reward yourself for sticking to it, have a break, watch some TV or text, but then after your break get back to it.

## HOW?

Pick a method of revising, don't just read your book. Find a way of revising that suits you.

Have you tried making a dice, going shopping, making notes, reading to another person?
