

Yousif

Newington Primary
School

“I really enjoyed starting Hessle High School because everyone is so welcoming and kind and it is easy to make new friends at Hessle High.

It is not hard to get lost, well maybe at first, but it is easy to get used to.

The teachers are all helpful and will help you if you ask. My favourite subjects are Maths and PE.”

Everyone can achieve the extraordinary

Bedir

Penshurst Primary
School

"I really enjoy my PE lessons, maths homework and I enjoy science because we get to do experiments and use bunsen burners. Art is quite hard but really fun.

I have joined the School Football club which has helped me meet new friends.

All of my teachers are nice and helpful."

Aland

"Before I came here I was really worried but I didn't want to say because none of my friends said that they were worried too. When I got here I found it really easy because everyone was so welcoming.

Eastfield
Primary School

My advice is when you come here on your first day, there is nothing to be scared about so just go with the flow and have fun."

Archie

Priory Primary School

“I have really enjoyed starting at Hessle High. I have come from a school where nobody has transitioned from. Despite this I have been able to make many new friends and have been really liking the lessons.

The year 7 area is a very fun area, as it is very large and I really enjoy the lunch times there is really nice food.”

Lucy

Kirk Ella St Andrews
Primary School

"Only six of my Y6 class came here, however I have easily made new friends as everyone is really nice.

At break and lunch you can either get food from the canteen or the stall outside.

It is easy to get around because there is a one way system and there are signs on every door.

The classes are way more interesting than primary and you get to meet lots of teachers because you have more than one for most lessons. All the teachers are nice as well, so if you need to talk about anything you can go to them, or student services."

Alice

Francis Askew Primary School

"I was one of the only people who came here from my primary school but have made so many friends because everyone is really kind to each other.

One of the best things at Hessle High are the lunches; they're cheap and scrumptious.

Being a sport lover is great because there's a wide variety of different activities. I'm taking part in the netball club and I'm also looking forward to the performing arts club."

Hessle High School & Sixth Form College

Everyone can achieve the extraordinary

"I have enjoyed many things at Hessle High school like geography and Science. There are so many clubs for me to join after school; like drama.

Rachael

In the classes the teachers and students are really kind and welcoming to everyone."

Francis Askew
Primary School

I have really enjoyed my first few weeks at Hessle high school, all of the students are really kind and helpful.

You can never get lost because of the one way system, and if you do there is always a teacher around to help.

I am thinking of going to the football club."
