

Year 1

Winnie The Pooh

Maths

In Maths this half term, we will be focusing on the main operations of place value within 20, addition and subtraction, place value within 50, length and height and mass and volume.

Literacy

In Literacy we will continue to focus on phonics following the Read, Write, Inc scheme.

Science

We will be learning about Everyday Materials. We will continue to look at the changes across the four seasons.

Art

Our focus will be sketching in the style of E.H. Shepard.

RE and Worldviews

In RE we will be looking at the religions of Christianity and Judaism. In Worldviews we will be focusing on vegetarianism.

Geography

The children will create their own map and identify the United Kingdom and its countries.

Computing

The children will be introduced to pictograms and looking at how they can be used to represent data.

Music

We will explore sounds found in the school environment.

D&T

In Design and Technology, we will be selecting the correct tools to chop to make a healthy snack.

PE

Our PE focus is gymnastics.

South Africa Links

We will be comparing animals from Winnie the Pooh to the animals in South Africa.

PSHE

We will discuss how to seek help if we are worried and recognise different emotions.

RSE

The children will discuss a range of emotions in relation to different experiences and situations.

Global Awareness

The children will explore why bee numbers are declining and the over-use of pesticides.
