

Everyone can achieve the extraordinary.

History

We will be looking at the history of space travel including a chronology of the space race and some of the key people involved in space travel.

MFL

This half term we will learn the names of animals, numbers to 20 and singular/plural objects.

Writing

In Writing this half term, we will be learning how to write a non-chronological report and an adventure story.

Year 5 Out Of This World

PSHE

We will be learning about the need to respect the differing ideas of a range of people in society. In addition, we will also share our personal success with the class and set further goals.

RE

We will be learning about Diwali and Christmas on our faith days.

Maths

In Maths we will be learning about the difference between factors and multiples, fractions, and negative numbers. We will also be learning how to solve addition and subtraction problems.

Music

In Music we will be combining expressive use of the voice with physical movement, responding to sound with visual signals and performing sequences of sounds matched to visual sequences.

Science

In Science, we will be learning about the planets, the phases of the moon and looking at the scientists who developed the geocentric and heliocentric models.

Computing

In Computing we will be using our coding skills to fix bugs and get characters to perform specific movements.

Art and Design

In Art and Design, we will be creating sculptures of our solar system.
