

Year 1 - Dinosaurs

Everyone can achieve the extraordinary.

SCIENCE

In Science we will observe changes across the four seasons. We will also observe and describe weather associated with seasons and how day length varies.

MATHS

In our Maths lessons we will:

Identify and represent numbers using a number line.

Identify and represent numbers using the language of: equal to, more than, less than, most, least.

Count in multiples of twos, fives and tens.

Double and halve numbers.

Measure and record time.

Measure and record capacity and volume.

Recognise and know the value of different denominations of coins and notes.

Sequence events in chronological order using language (for example before, after, next, first, today, yesterday, tomorrow, morning, afternoon and evening).

PE

In PE we will, learn how to send and return a ball. We will play lots of ball games such as tennis.

LITERACY

In Literacy we will continue to focus on phonics following the Read, Write, Inc scheme.

COMPUTING

In Computing we will learn to sort groups and create pictograms using the computer.

PSHE

In PSHE we will explore how our actions make others feel.

HISTORY

In History we will learn about the different dinosaurs which existed and how we learn about dinosaurs through archaeology and palaeontology. We will also learn about the famous palaeontologist Mary Anning.

LANGUAGES

In Languages we will learn greetings and colours in French.

ART and DESIGN

In Art we will create a model of a dinosaur using natural and man made materials.
