

## Year 2

### Down at the Bottom of the Garden

#### Maths

In Maths this half term, we will keep focusing on our number and place value knowledge, recapping our shape and fraction lessons before being introduced to statistics and graphs.

#### Literacy

In Literacy, we will be writing a non chronological report and a diary entry.

#### Science

Our Science theme is 'Living Things and their Habitat'. We will be looking at local and global wildlife and identifying how they survive and adapt to the places that they live.

#### Geography

We will be looking at weather patterns and the impact that these have on plant growth in the UK and abroad.

#### Art & Design

We will be looking at the work of artist Georgia O'Keeffe and mimicking her style to create our own floral image.

#### RE

What is a big question? We will be looking at this question this term to help us understand their meaning and purpose.

#### PSHE

Money. What is it? How do we spend it? How do we keep it safe? These are the questions that we are going to be exploring throughout the term.

#### RSE

Our focus this term will be boundaries and how to recognise and respect them.

#### PE

We will be learning the skills of running, jumping and throwing in our lessons through games.

#### Computing

This term we will be continuing learning about algorithms and using them on our own programs.

#### Music

Following Music Express, we will be exploring sounds through a weather topic.

#### Languages

We will be continuing to learn Spanish by increasing our vocabulary and learning how to respond to questions.

#### Global Awareness

We will begin to look at bees and the impact that they have on our ecosystem.

#### South Africa Links

We will be comparing the botanical life in Harlow Carr in the UK to Kirstenbosch gardens in South Africa.
