

Winnie the Pooh

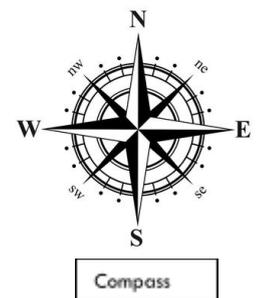

Winnie the Pooh, also called Pooh Bear and Pooh, is a fictional teddy bear created by English author A.A. Milne. The author named the character Winnie-the-Pooh after a teddy bear owned by his son. Winnie the Pooh stories are set in Ashdown Forest, which is renamed One Hundred Acre Wood in the stories, where he eats lots of honey made by bees. In this theme, we will learn about why our precious bees are in danger.

| Key Vocabulary | |
|------------------|---|
| Character | A person in a story. |
| Author | A person who writes stories (in this case, A.A Milne). |
| Illustrator | A person who draws or creates pictures (in this case, E. H. Shepard). |
| Honey | A sweet, sticky yellowish-brown fluid made by bees and other insects from nectar collected from flowers. Bees are now in danger due to pesticides, predators and loss of habitat. |
| Human Feature | A human feature is something man - made or it was made by a human being. E.g. buildings. |
| Physical Feature | A physical feature is something which is natural – it happens naturally. E.g. land, water, mountains. |
