8. How will the academy ensure ALL staff are aware and understand a Child or Young Person's SEND?

At The Hessle Academy, each student with SEN will have a Learning Support Profile which will detail their area of need and ways in which their learning will be supported. This will include ways in which both teaching staff and support staff may address their needs, both inside and outside of the classroom. It will also give information about any other interventions which are in place by both in-house staff and external agencies. This information will be held centrally and disseminated on a 'need to know' basis, in line with our Data Protection Policy.

9. How will the academy let a parent/carer know if they have any concerns about their Child or Young Person's learning?

Once a concern is raised regarding any student's learning, parents/carers will be informed, initially by telephone. Following on from this initial discussion, further consultation will take place, as necessary, to ensure that parents/carers are always kept fully informed of what actions will be taken to address any such concerns.

10. How is support allocated to Children and Young People?

Support will be allocated to learners on a need basis, dependent upon information collated during the assessment process. This will be reviewed regularly in order to monitor the effectiveness and appropriateness of any support being delivered.

11. How does support move between the key stages?

There is a fluidity of movement of support across all Key Stages within the Academy. However, at regular intervals, this support will be reviewed in order to ascertain its impact. It may, therefore, be that support changes throughout a learner's education, but this will be due to a change in their level of need, be it increasing or decreasing and with due regard to available resourcing.

12. Which other people and organisations provide services to Children and Young People with SEND in your academy?

Educational Psychologists
 SAPTs (Sensory and Physical Teaching Service)
 The Hearing/Visual Impairment Service
 CAMHs (Children and Adult Mental Health service)
 Northcott Autism Outreach Team
 Speech and Language Therapists
 School Nursing team
 Inclusion Practitioner

13. What training have staff received to support Children and Young People with SEND?

The Assistant Headteacher for SEND and Inclusion has achieved additional qualifications in SEND (NASENCo) and in assessing need (CPT3A).

All teaching and support staff have received the relevant training to enable them to best support all students with additional needs. This training is reviewed and updated on a regular basis.

14. How will teaching be adapted for a Child or Young Person with SEND?

All of our teaching and support staff will respond as appropriate to the needs of all students within their classroom. Staff are supported through the sharing of information relating to a student's needs and strategies with which to use in order to address this. Where appropriate, the following strategies and resources may be implemented:

- Additional adult support (Learning Assistant)
- The use of enlarged fonts on worksheets
- The use of a laptop
- Differentiation of resources
- Additional literacy and numeracy interventions
- Coloured overlays/paper
- Writing frames
- Visual prompting
- Personalised learning programmes

This list is far from exhaustive as there are many different ways of addressing additional needs within the classroom.

15. What support is available for parents/carers of a Child or Young Person with SEND?

Dependent upon the nature of the learner's SEND, there are a number of support mechanisms in place, both in and out of school. The SENDCo on each site will be able to signpost parents/carers as appropriate.

16. How is the academy's physical environment accessible to Children and Young People with SEND?

Both site's physical environments are fully accessible to all, regardless of need.

17. What facilities are available for Children and Young People with SEND on the academy site e.g. special quiet room, lunchtimeclub?

Dedicated rooms are available on both sites for students to access at will during unstructured times.

18. How will Children and Young People be supported during transitions? (when moving to another setting/school/college or between classes/ groups in the setting/school/ college)

At the Hesse Academy we have a comprehensive system for the transition of all students, including those with SEND*. When moving onto Further Education, we are supported by the Youth Support service. They will conduct interviews with students and liaise where necessary with college providers. Any transition to another school would involve much communication between the SENCOs of each setting.

*As a through school, incorporating all ages through each key stage of their education from 3-19, transition of students is managed through continued sharing of information. With such a wealth of information, transition can be supported in a more individual and personalised way.
