EVERY DAY COUNTS

When you have periods of absence, this affects the amount of independent learning you will have to do in order to catch up with your peers. Having even one day off means missing five lessons, with potentially five different teachers across five different subjects:

2 Days 10 Lessons	99%	Excellent Attendance
5 Days 25 Lessons	97%	Good Attendance
10 Days 50 Lessons	95%	Below Average Attendance
20 Days 100 Lessons	90%	Very Poor Attendance

PUNCTUALITY

Lateness also contributes to missed contact time with your Tutor. Being on time to school sets you up for a purposeful start to the day. Wherever possible, you should avoid being late so that you do not miss important activities.
These numbers are calculated across a whole school year.

5 minutes late each day	3 days lost	15 hours lost
10 minutes late each day	6.5 days lost	32.5 hours lost
20 minutes late each day	13 days lost	65 hours lost
30 minutes late each day	19 days lost	95 hours lost
